Steady

Wednesday

2 Aug 2017

Increased

Thursday

3 Aug 2017

Increased

Isolated minor surface water and river flooding impacts are possible, but not expected, for parts of England and Wales today (Sunday), Wednesday and Thursday. The overall flood risk remains VERY LOW.

Assessment of flood risk

Surface water

The surface water flood risk is VERY LOW for the next five days, despite the potential for heavy showers and spells of heavy rainfall at times today (Sunday) and on Wednesday and Thursday.

Local minor surface water flooding impacts are possible, but not expected in parts of England and Wales today (Sunday) due to heavy showers. Local minor surface water flooding impacts are possible, but not expected, from heavy rain affecting mainly western parts of England and Wales on Wednesday, and from heavy showers across most parts on Thursday.

Rivers

The river flood risk is VERY LOW for the next five days, despite the potential for heavy showers and spells of heavy rainfall at times today (Sunday) and on Wednesday and Thursday.

Local minor river flooding impacts in small fast responding urban catchments are possible, but not expected in parts of England and Wales today (Sunday) due to heavy showers. Local minor river flooding impacts are possible, but not expected, from heavy rain affecting mainly western parts of England and Wales on Wednesday, and from heavy showers across most parts on Thursday.

Coastal/Tidal

The coastal/tidal flood risk is VERY LOW for the next five days.

Groundwater

The groundwater flood risk is VERY LOW for the next five days.

Flood risk matrix

LIKELIHOOD	HIGH				
	MEDIUM				
	LOW				
	VERY LOW				
		MINIMAL	MINOR	SIGNIFICANT	SEVERE
IMPACT					
		VERY LOW	LOW	MEDIUM	HIGH
OVERALL FLOOD RISK					

Summary of potential impacts

MINIMAL

Isolated and minor flooding of low-lying land and roads
Isolated spray/wave on coastal promenades
Little or no disruption to travel, but wet road surfaces

MINOR

Localised flooding of land and roads
Flooding affecting individual properties
Disruption to travel and key sites in flood plans

SIGNIFICANT

Flooding affecting parts of communities
Possible danger to life and damage to buildings/structures
Disruption to travel and key sites in flood plans

SEVERE

Danger to life, severe disruption to travel
Widespread flooding affecting whole communities
Widespread disruption or loss of infrastructure
Large scale evacuation of properties possible
