Steady

Minor coastal flooding is probable along parts of the north-west coast of England on Thursday. Minor impacts are also possible along the coasts of Wales and south-west England from Tuesday to Thursday. The overall flood risk is LOW.

Specific Areas of Concern Map 1: Thursday 18 January

RISK AREA A

Impact **MINOR**

Likelihood **MEDIUM**

Source Coastal/Tidal

Likely duration 1 Day

Localised spray and wave overtopping probable mainly around time of high water.

RISK AREA B

Impact **MINOR**

Likelihood **LOW**

Source Coastal/Tidal

Likely duration 1 Day

Localised spray and wave overtopping probable mainly around time of high water.

Assessment of flood risk

Coastal/Tidal

The coastal/tidal flood risk is LOW on Thursday.

Localised minor coastal flooding impacts are probable in Area A and possible in Areas B of Specific Areas of Concern Map 1 on Thursday due to strong winds and large waves.

Localised minor coastal flooding impacts are also possible along Area C on Specific Areas of Concern Map 2 later on Tuesday and into Wednesday.

Rivers

The river flood risk is VERY LOW for the next five days.

Local minor river flooding impacts are possible but not expected across parts of the north of England and north Wales from late Wednesday into Thursday due to heavy rain.

Surface water

The surface water flood risk is VERY LOW for the next five days.

Local minor surface water flooding impacts are possible but not expected across parts of the north of England and north Wales from late Wednesday into Thursday due to heavy rain.

Groundwater

The groundwater flood risk is VERY LOW for the next five days. Groundwater levels in parts of the south-west of England are likely to rise in response to the forecast rainfall but no impacts are currently expected.

	MEDIUM				
	LOW				
	VERY LOW				
		MINIMAL	MINOR	SIGNIFICANT	SEVERE
IMPACT					
		VERY LOW	LOW	MEDIUM	HIGH
OVERALL FLOOD RISK					

Summary of potential impacts

MINIMAL

Isolated and minor flooding of low-lying land and roads
Isolated spray/wave on coastal promenades
Little or no disruption to travel, but wet road surfaces

MINOR

Localised flooding of land and roads
Flooding affecting individual properties
Disruption to travel and key sites in flood plans

SIGNIFICANT

Flooding affecting parts of communities
Possible danger to life and damage to buildings/structures
Disruption to travel and key sites in flood plans

SEVERE

Danger to life, severe disruption to travel
Widespread flooding affecting whole communities
Widespread disruption or loss of infrastructure
Large scale evacuation of properties possible
