## Assessment of flood risk

### Surface water

---

The surface water flood risk is VERY LOW for the next five days.

Local minor surface water impacts are possible but not expected mainly in parts of south England and south-west Wales today (Sunday) and Monday, and in the west of England and Wales on Thursday.

Minor surface water flooding impacts are possible later on Tuesday and into Wednesday. See Specific Area of Concern Map 1. Minor impacts are also possible but not expected more widely through parts of England and the north of Wales.

### Rivers

---

The river flood risk is VERY LOW for the next five days.

Local minor river flooding impacts are possible but not expected mainly in parts of south-west England and south-west Wales today (Sunday) through to Monday, and in the west of England and Wales on Thursday.

Minor river flooding impacts are possible later on Tuesday and into Wednesday. See Specific Area of Concern Map 1. Minor impacts are also possible but not expected more widely through parts of England and the north of Wales.

### Coastal/Tidal

---

The coastal/tidal flood risk is VERY LOW for the next five days.

Large waves may affect some exposed coasts at times, however coastal impacts are expected to be minimal.

### Groundwater

---

The groundwater flood risk is VERY LOW for the next five days.

### Flood risk matrix

### Summary of potential impacts

**MINIMAL**

Isolated and minor flooding of low-lying land and roads  
Isolated spray/wave on coastal promenades  
Little or no disruption to travel, but wet road surfaces

**MINOR**

Localised flooding of land and roads  
Flooding affecting individual properties  
Disruption to travel and key sites in flood plans

**SIGNIFICANT**

Flooding affecting parts of communities  
Possible danger to life and damage to buildings/structures  
Disruption to travel and key sites in flood plans

**SEVERE**

Danger to life, severe disruption to travel  
Widespread flooding affecting whole communities  
Widespread disruption or loss of infrastructure  
Large scale evacuation of properties possible

Next statement due **10:30hrs Monday 03 December 2018 (all times are local)**
