Localised minor river flooding impacts are possible today (Thursday), but the overall flood risk remains **VERY LOW** for the next five days.

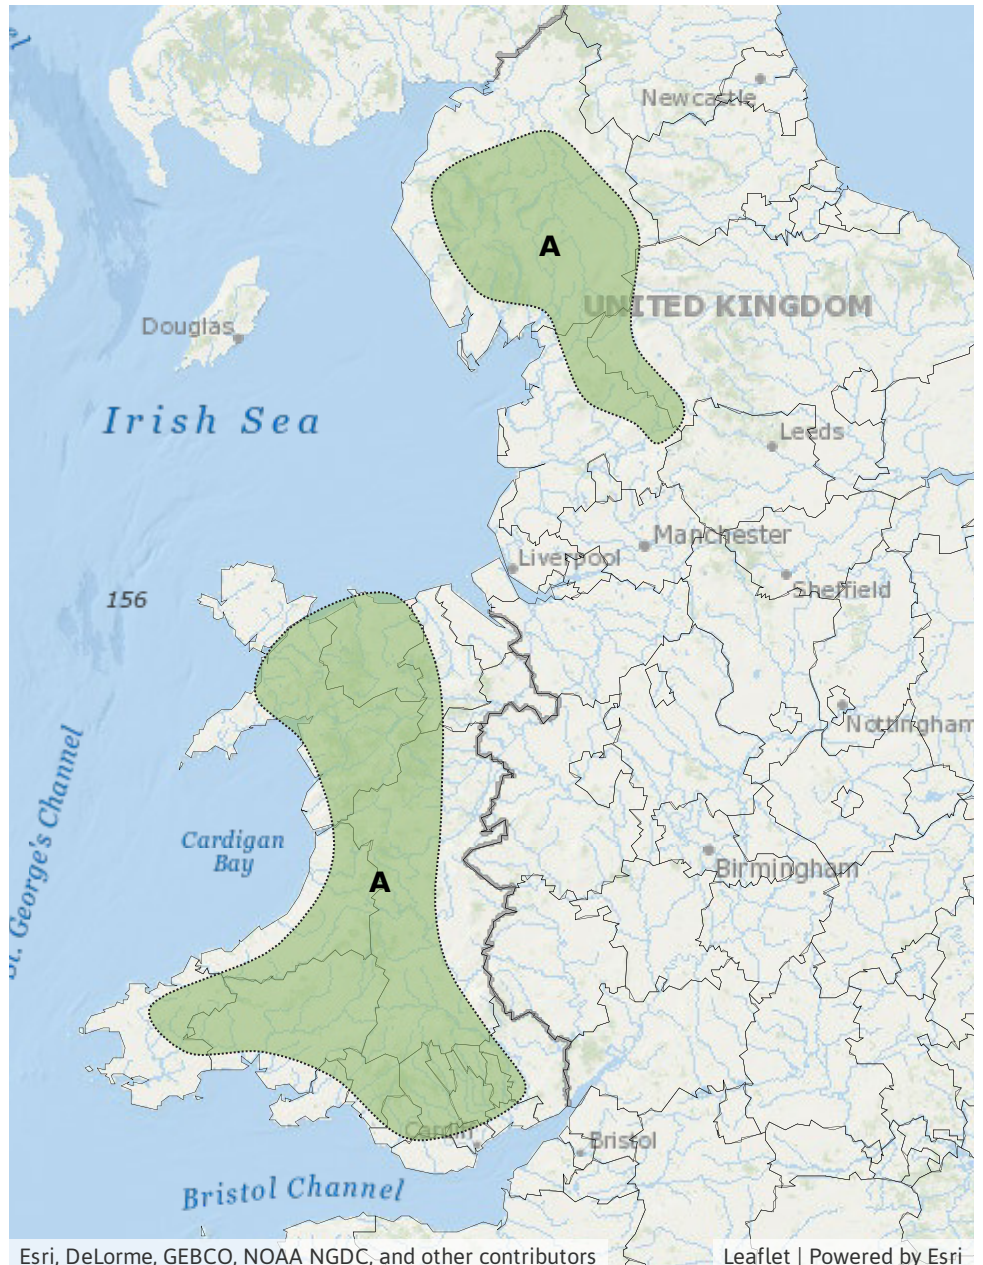

## Specific Areas of Concern Map 1: Thursday 11 March 2021.

**RISK AREA A**  
Impact **MINOR**  
Likelihood **LOW**

Source River  
Likely duration 1 Day

River flooding impacts possible today following recent heavy rain.

## Assessment of flood risk

### Rivers

---

The river flood risk is VERY LOW for the next five days.

Minor river flooding impacts are possible in parts of Wales and the north of England today (Thursday) following recent heavy rain.

High river levels in the City of York from today through to Saturday could lead to some local minimal impacts.

### Coastal/Tidal

---

The coastal/tidal flood risk is VERY LOW for the next five days.

Large waves will affect parts of the Yorkshire coast, and west and south coasts of England and Wales from today (Thursday) until Saturday. Isolated instances of windblown spray and over-topping are expected to lead to no more than minimal coastal impacts.

### Groundwater

---

The groundwater flood risk is VERY LOW for the next five days.

Groundwater levels are high in many parts of the country, particularly in Hampshire, Sussex, Kent and other parts of the south and east of England.

### Surface water

---

The surface water flood risk is VERY LOW for the next five days.

### Flood risk matrix

### Summary of potential impacts

**MINIMAL**

Isolated and minor flooding of low-lying land and roads  
Isolated spray/wave on coastal promenades  
Little or no disruption to travel, but wet road surfaces

**MINOR**

Localised flooding of land and roads  
Flooding affecting individual properties  
Disruption to travel and key sites in flood plans

**SIGNIFICANT**

Flooding affecting parts of communities  
Possible danger to life and damage to buildings/structures  
Disruption to travel and key sites in flood plans

**SEVERE**

Danger to life, severe disruption to travel  
Widespread flooding affecting whole communities  
Widespread disruption or loss of infrastructure  
Large scale evacuation of properties possible

Next statement due **10:30hrs Friday 12 March 2021 (all times are local)**
