Localised, minor inland flooding impacts are probable on Saturday across parts of England and the east of Wales. The overall flood risk is LOW.

### Specific Areas of Concern Map 1: Saturday 21 August

**RISK AREA A**  
Impact **MINOR**  
Likelihood **MEDIUM**

Source River Surface  
Likely duration 1 Day

Heavy, thundery showers following frontal rain on Saturday afternoon and evening.

## Assessment of flood risk

### Surface water

---

The surface water flood risk is LOW on Saturday.

Localised, minor surface water flooding impacts are probable on Saturday across parts of England and the east of Wales due to heavy, thundery showers during the afternoon and evening.

Localised, minor surface water flooding impacts are possible but not expected across the east of England from isolated heavy showers on Sunday afternoon.

### Rivers

---

The river flood risk is LOW on Saturday.

Localised, minor river flooding impacts from fast responding and urban rivers are probable on Saturday across parts of England and Wales due to heavy, thundery showers during the afternoon and evening.

Localised, minor river flooding impacts are possible but not expected from fast responding and urban rivers across the east of England on Sunday afternoon.

### Coastal/Tidal

---

The coastal/tidal flood risk is VERY LOW for the next five days.

### Groundwater

---

The groundwater flood risk is VERY LOW for the next five days.

### Flood risk matrix

### Summary of potential impacts

#### MINIMAL

Isolated and minor flooding of low-lying land and roads  
Isolated spray/wave on coastal promenades  
Little or no disruption to travel, but wet road surfaces

#### MINOR

Localised flooding of land and roads  
Flooding affecting individual properties  
Disruption to travel and key sites in flood plans

#### SIGNIFICANT

Flooding affecting parts of communities  
Possible danger to life and damage to buildings/structures  
Disruption to travel and key sites in flood plans

#### SEVERE

Danger to life, severe disruption to travel  
Widespread flooding affecting whole communities  
Widespread disruption or loss of infrastructure  
Large scale evacuation of properties possible
