

Flood Guidance Statement

10:30hrs Saturday 11 September 2021

FLOODFORECASTINGCENTRE

a working partnership between Environment Agency Met Office

Saturday

11 Sep 2021 10:30-23:59
Trend since last FGS

Steady

Sunday

12 Sep 2021

Increased

Monday

13 Sep 2021

Increased

Tuesday

14 Sep 2021

Steady

Wednesday

15 Sep 2021

Steady

Localised inland flooding impacts are possible but not expected from later on Sunday through to Tuesday. The overall flood risk is VERY LOW.

Assessment of flood risk

Surface water

The surface water flood risk is VERY LOW.

Localised surface water flooding is possible but not expected due to heavy, perhaps persistent rain across parts of the south of Wales and across the south of England later on Sunday and on Monday.

On Tuesday, localised surface water flooding is possible but not expected across southern, central and eastern parts of England due to heavy showers or more persistent rain.

Rivers

The river flood risk is VERY LOW.

Localised river flooding is possible but not expected due to heavy, perhaps persistent rain across parts of the south of Wales and across the south of England later on Sunday and on Monday.

On Tuesday, localised river flooding is possible but not expected across southern, central and eastern parts of England due to heavy showers or more persistent rain.

Coastal/Tidal

The coastal/tidal flood risk is VERY LOW for the next five days.

Groundwater

The groundwater flood risk is VERY LOW for the next five days.

Flood risk matrix

Summary of potential impacts

MINIMAL

Isolated and minor flooding of low-lying land and roads
Isolated spray/wave on coastal promenades
Little or no disruption to travel, but wet road surfaces

MINOR

Localised flooding of land and roads
Flooding affecting individual properties
Disruption to travel and key sites in flood plans

SIGNIFICANT

Flooding affecting parts of communities
Possible danger to life and damage to buildings/structures
Disruption to travel and key sites in flood plans

SEVERE

Danger to life, severe disruption to travel
Widespread flooding affecting whole communities
Widespread disruption or loss of infrastructure
Large scale evacuation of properties possible
