

Flood Guidance Statement

10:30hrs Saturday 01 January 2022

Saturday

1 Jan 2022 10:30-23:59
Trend since last FGS

Steady

Sunday

2 Jan 2022

Increased

Monday

3 Jan 2022

Increased

Tuesday

4 Jan 2022

Increased

Wednesday

5 Jan 2022

Increased

Minor coastal flooding impacts are possible on Monday, Tuesday and Wednesday. The overall flood risk is VERY LOW.

Specific Areas of Concern Map 1: Monday 3 until Wednesday 5 January 2022

RISK AREA A
Impact **MINOR**
Likelihood **LOW**

Source Coastal/Tidal
Likely duration 3 Days

Only Yorks and NE coast on Mon. Impacts due to large waves, surge and high tides.

Assessment of flood risk

Coastal/Tidal

The coastal/tidal flood risk is VERY LOW for the next five days.

Minor coastal/tidal flooding impacts are possible but not expected along the coasts of Yorkshire and the north-east of England on Sunday and are possible on Monday.

On Tuesday and Wednesday, minor coastal/tidal flooding impacts are possible for parts of the east coast of England - see Specific Areas of Concern Map.

Rivers

The river flood risk is VERY LOW for the next five days.

Minor river flooding impacts are possible but not expected in parts of the south-east of England on Sunday and the south of England on Monday into Tuesday due to the possibility of widespread, heavy rain.

Surface water

The surface water flood risk is VERY LOW for the next five days.

Surface water flooding impacts are possible but not expected across south and central parts of England and Wales on Sunday. Impacts could include localised flooding from urban and fast responding smaller watercourses/catchments, drains, channels and flooding from overland flow.

Minor surface water flooding impacts are also possible but not expected in parts of the south of England on Monday into Tuesday.

Groundwater

The groundwater flood risk is VERY LOW for the next five days.

Flood risk matrix

Summary of potential impacts

MINIMAL

Isolated and minor flooding of low-lying land and roads
Isolated spray/wave on coastal promenades
Little or no disruption to travel, but wet road surfaces

MINOR

Localised flooding of land and roads
Flooding affecting individual properties
Disruption to travel and key sites in flood plans

SIGNIFICANT

Flooding affecting parts of communities
Possible danger to life and damage to buildings/structures
Disruption to travel and key sites in flood plans

SEVERE

Danger to life, severe disruption to travel
Widespread flooding affecting whole communities
Widespread disruption or loss of infrastructure
Large scale evacuation of properties possible

Next statement due **10:30hrs Sunday 02 January 2022 (all times are local)**
