Minor ongoing river flooding impacts are probable along the River Ouse, and possible more widely across parts of North Yorkshire today (Thursday) and Friday. The overall flood risk is LOW.

Specific Areas of Concern Map 1 - Thursday 25 to Saturday 27 January 2024

RISK AREA A
Impact **MINOR**
Likelihood **MEDIUM**

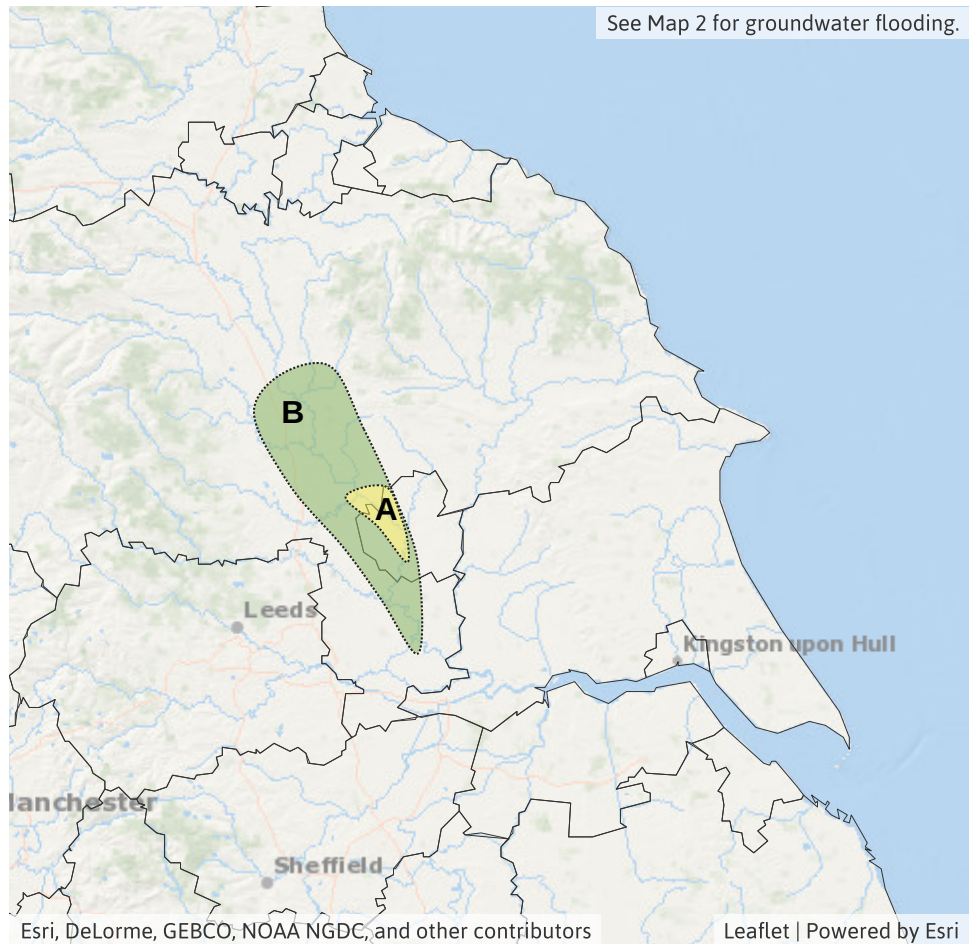

Source River
Likely duration 1 Day

Continuing river flooding along the River Ouse.

RISK AREA B
Impact **MINOR**
Likelihood **LOW**

Source River
Likely duration 3 Days

Ongoing flooding impacts, confined to lower reaches only on Friday and Saturday.

Assessment of flood risk

Rivers

The river flood risk is LOW today (Thursday).

River levels will peak along the River Ouse today, with ongoing minor river flooding impacts probable. Minor river flooding impacts are also possible more widely across North Yorkshire until Saturday. See Specific Areas of Concern Map.

Minor river flooding impacts are also possible but not expected in parts of Wales today and into Friday.

Coastal/Tidal

The coastal/tidal flood risk is VERY LOW for the next five days.

Minor coastal flooding impacts are possible but not expected within the Norfolk and Suffolk Broads until Saturday due to tidal locking. See Specific Areas of Concern Map.

Groundwater

The groundwater flood risk is VERY LOW for the next five days.

Minor impacts are possible across parts of the South of England and Yorkshire and the Humber. See Specific Areas of Concern Map.

Surface water

The surface water flood risk is VERY LOW for the next five days.

Minor surface water flooding impacts are possible but not expected in parts of Wales today and into Friday.

Impacts could include localised flooding from urban and fast responding smaller watercourses/catchments, drains, channels and flooding from overland flow.

Flood Guidance Statement

10:30hrs Thursday 25 January 2024

Flood risk matrix

Summary of potential impacts

MINIMAL

Isolated and minor flooding of low-lying land and roads
Isolated spray/wave on coastal promenades
Little or no disruption to travel, but wet road surfaces

MINOR

Localised flooding of land and roads
Flooding affecting individual properties
Disruption to travel and key sites in flood plans

SIGNIFICANT

Flooding affecting parts of communities
Possible danger to life and damage to buildings/structures
Disruption to travel and key sites in flood plans

SEVERE

Danger to life, severe disruption to travel
Widespread flooding affecting whole communities
Widespread disruption or loss of infrastructure
Large scale evacuation of properties possible

Next statement due **10:30hrs Friday 26 January 2024 (all times are local)**
