Minor surface water flooding impacts are possible today (Tuesday) and on Wednesday in parts of the South West of England and South Wales. The overall flood risk is VERY LOW for the next five days.

Specific Areas of Concern Map 1 - Tuesday 29 evening and Wednesday 30 September 2026

RISK AREA A

Impact **MINOR**

Likelihood **LOW**

Source Surface

Likely duration 2 Days

Heavy and persistent rain leading to possible surface water impacts.

Flood Guidance Statement

10:30hrs Tuesday 29 September 2026

Assessment of flood risk

Surface water

The surface water flood risk is VERY LOW for the next five days.

Minor surface water flooding impacts are possible on Tuesday evening and Wednesday in parts of the South West of England and South Wales, due to heavy and persistent rain. Refer to the Area of Concern map.

Impacts could include localised flooding from urban and fast responding smaller watercourses/catchments, drains, channels and flooding from overland flow.

Coastal/Tidal

The coastal/tidal flood risk is VERY LOW for the next five days.

Minimal coastal impacts are expected along some English and Welsh coasts today (Tuesday) until Thursday due to high tides, storm surge and possible large waves. Impacts may include isolated spray on low-lying roads and coastal promenades.

Rivers

The river flood risk is VERY LOW for the next five days.

Groundwater

The groundwater flood risk is VERY LOW for the next five days.

Flood risk matrix

Summary of potential impacts

- MINIMAL**
Isolated and minor flooding of low-lying land and roads
Isolated spray/wave on coastal promenades
Little or no disruption to travel, but wet road surfaces
- MINOR**
Localised flooding of land and roads
Flooding affecting individual properties
Disruption to travel and key sites in flood plans
- SIGNIFICANT**
Flooding affecting parts of communities
Possible danger to life and damage to buildings/structures
Disruption to travel and key sites in flood plans
- SEVERE**
Danger to life, severe disruption to travel
Widespread flooding affecting whole communities
Widespread disruption or loss of infrastructure
Large scale evacuation of properties possible

Next statement due 10:30hrs Wednesday 30 September 2026 (all times are local)
