## Specific Areas of Concern Map 2 - Wednesday 28 October 2026

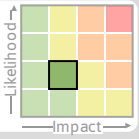

RISK AREA **B**
Impact **MODERATE**
Likelihood **HIGH**

Source Coastal/Tidal
Likely duration 1 Day

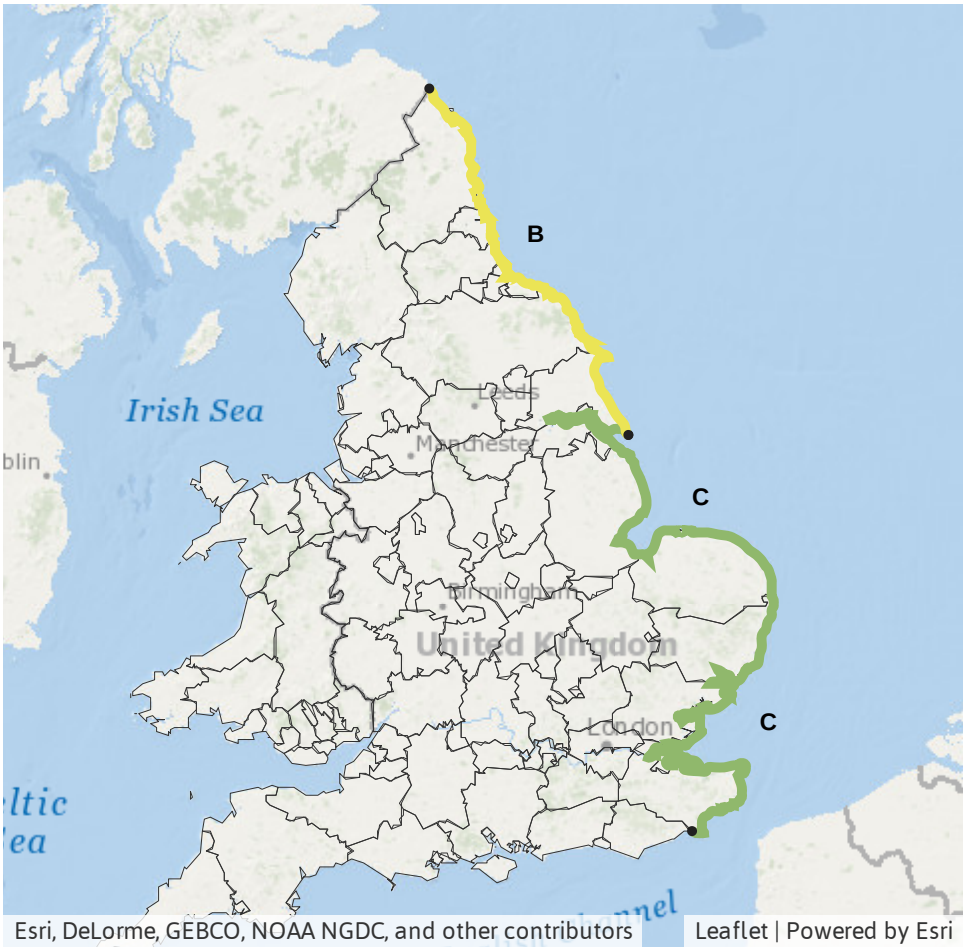

Large storm surge and high tides leading to probable moderate impacts Wed morning.

RISK AREA **C**
Impact **MODERATE**
Likelihood **MEDIUM**

Source Coastal/Tidal
Likely duration 1 Day

Coastal flooding impacts are possible around high tide on Wednesday morning

© Crown, Met Office and Environment Agency 2026 This guidance is produced to support decision making by Category 1 and 2 emergency responders.

## Assessment of flood risk

### Coastal/Tidal

The coastal/tidal flood risk is LOW for Wednesday.

Moderate coastal/tidal flooding impacts are possible for some coasts of England and Wales today (Tuesday), mainly around the times of high water. This is due to high tides, large waves and storm surge. See Specific Areas of Concern Maps for details.

Moderate coastal/tidal flooding impacts are probable for parts of the North East coast of England, and possible more widely along the East and South East coasts of England on Wednesday morning, due to large storm surge and high tides. See Specific Areas of Concern Maps for details.

Moderate coastal/tidal flooding impacts are possible but not expected for parts of the South and West coasts of Wales on Wednesday morning due to high tides.

### Rivers

The river flood risk is VERY LOW for the next five days.

### Surface water

The surface water flood risk is VERY LOW for the next five days.

### Groundwater

The groundwater flood risk is VERY LOW for the next five days.

FLOOD FORECASTING CENTRE

A working partnership between Environment Agency | Met Office

## Flood risk matrix

## Summary of potential impacts

**MINOR**
Isolated and minor flooding of low-lying land and roads
Isolated spray/wave on coastal promenades
Little or no disruption to travel, but wet road surfaces

**MODERATE**
Localised flooding of land and roads
Flooding affecting individual properties
Disruption to travel and key sites in flood plans

**SIGNIFICANT**
Flooding affecting parts of communities
Possible danger to life and damage to buildings/structures
Disruption to travel and key sites in flood plans

**EXTREME**
Danger to life, extreme disruption to travel
Widespread flooding affecting whole communities
Widespread disruption or loss of infrastructure
Large scale evacuation of properties possible

Next statement due **10:30hrs Wednesday 28 October 2026 (all times are local)**
