Significant surface water flooding impacts are possible but not expected in parts of the South West of England today (Tuesday), with moderate inland flooding impacts possible more widely across England and Wales. The overall flood risk is LOW.

Specific Areas of Concern Map 1 - Tuesday 24 November 2026

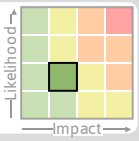

RISK AREA **A**
Impact **SIGNIFICANT**
Likelihood **LOW**

Source Surface
Likely duration 1 Day

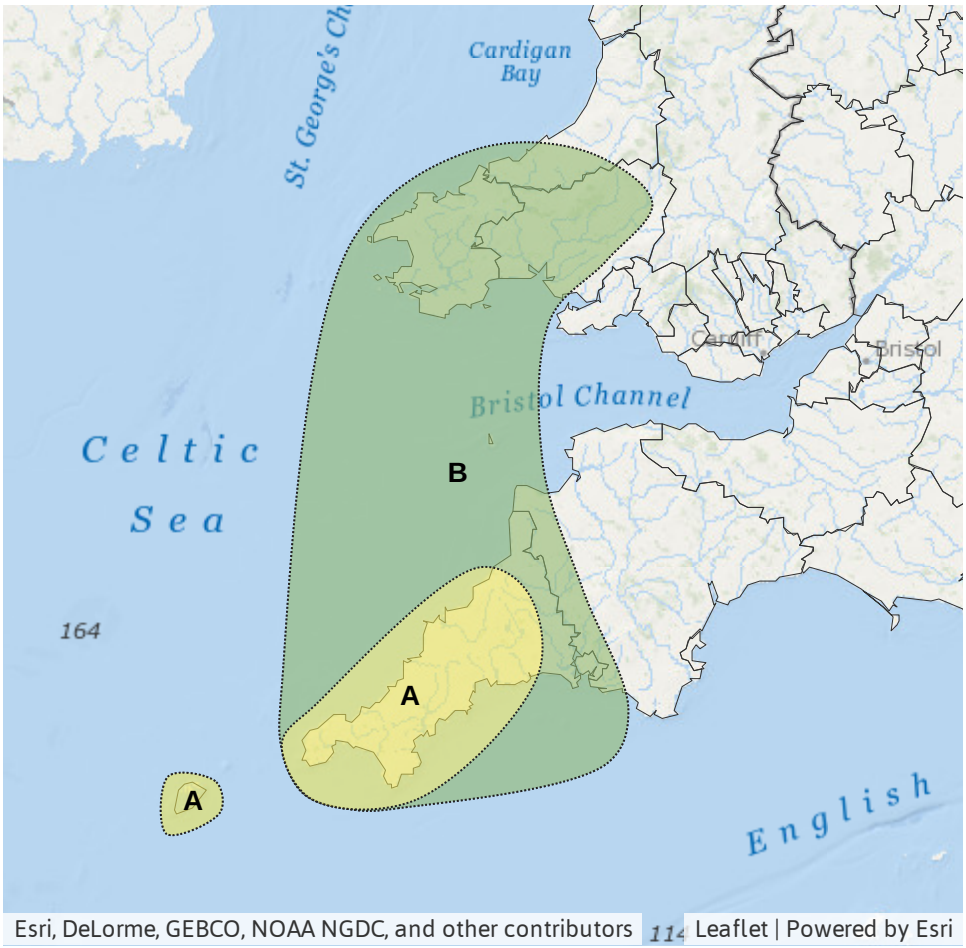

Heavy and persistent rain may generate significant surface water flooding impacts.

RISK AREA **B**
Impact **MODERATE**
Likelihood **MEDIUM**

Source River Surface
Likely duration 1 Day

River and surface water flooding impacts possible from heavy and persistent rain.

Assessment of flood risk

Surface water

The surface water flood risk is LOW today (Tuesday).

Significant surface water flooding impacts are possible but not expected across parts of Cornwall and the Isles of Scilly today, with moderate surface water flooding impacts possible more widely across parts of South West England and Wales. See Specific Areas of Concern Map.

Impacts could include localised flooding from urban and fast responding smaller watercourses/catchments, drains, channels and flooding from overland flow.

Rivers

The river flood risk is VERY LOW for the next five days.

Moderate river flooding impacts are possible in parts of England and Wales today (Tuesday). See Specific Areas of Concern Maps.

Moderate river flooding impacts are also possible but not expected more widely today and Wednesday across England and Wales.

Coastal/Tidal

The coastal/tidal flood risk is VERY LOW for the next five days.

Groundwater

The groundwater flood risk is VERY LOW for the next five days.

Flood Guidance Statement

10:30hrs Tuesday 24 November 2026

FLOOD FORECASTING CENTRE

A working partnership between Environment Agency | Met Office

Flood risk matrix

Summary of potential impacts

MINOR
Isolated and minor flooding of low-lying land and roads
Isolated spray/wave on coastal promenades
Little or no disruption to travel, but wet road surfaces

MODERATE
Localised flooding of land and roads
Flooding affecting individual properties
Disruption to travel and key sites in flood plans

SIGNIFICANT
Flooding affecting parts of communities
Possible danger to life and damage to buildings/structures
Disruption to travel and key sites in flood plans

EXTREME
Danger to life, extreme disruption to travel
Widespread flooding affecting whole communities
Widespread disruption or loss of infrastructure
Large scale evacuation of properties possible

Next statement due **10:30hrs Wednesday 25 November 2026 (all times are local)**
